COMPANY PROFILE

YUGU Hardware is a professional manufacturer specializing in blind rivets. We adopt industry-leading technology and equipment, supported by sophisticated testing & inspection instruments.

YUGU has obtained IATF 16949:2016 automotive quality certification, and we are capable of manufacturing rivets compliant with GB, DIN, IFI and ISO standards. Our products are widely exported to Europe, the United States, Japan and other global markets.

Our product are extensively applied in numerous sectors including photovoltaic industry, containers, high-speed rail, shipbuilding, elevators, communication equipment, home appliances and more, earning consistent recognition from domestic and overseas customers.

YUGU will keep delivering premium-quality products and thoughtful, reliable services to all partners.
